DEATH OF MRS. GEORGE DUFFEY.—The many friends and acquaintances of Mrs. Sarah C. Duffey, wife of Major George Duffey, were gathered to hear of her death, which occurred at an early hour this morning, at her residence, on South Fairfax street.

The deceased had been in failing health for some time, and during the past year her physical strength had declined rapidly.

Last fall, while engaged in culinary duties, she was severely burned by the explosion of coal gas from a stove, and though her injuries were not so serious as at first supposed, the shock to her nervous system was such that her health, which previously had been impaired, waned rapidly.

Yesterday her condition grew alarming, but toward night she rallied considerably, though later, however, symptoms appeared, and the ebb of life's current set in.

This morning, surrounded by her grief-stricken family, her soul was released from earthly ties and sorrow.

Mrs. Duffey was an estimable lady, of a meek and quiet spirit, justly esteemed by all who knew her, and her husband, children and others near and dear to her have the sincere sympathy of all in this their saddest hour.

PUGILISTS ARRESTED.—Joe Fielding, the pugilist, who has been making this city his home for the past few months, and who was arrested in Washington on Thursday night for disorderly conduct, was on Saturday discharged for want of evidence.

On Saturday night, in Washington, Fielding, and Wm. McMillan, another pugilist, hired a hack and rode around the city until 4 o'clock yesterday morning.

At Iowa Circle they attempted to get out of the hack and run off without paying the driver, but they were arrested by Officer Dowling and locked up at the Fifth street station for non-payment of hack hire.

They remained in the station until 2 o'clock yesterday afternoon when some friends paid the amount due, \$3, and they were released.

STONING A TRAIN.—As the 11:30 train from Washington was leaving Waterloo on Saturday night Ben. H. Nees, colored, threw a stone at Brakeman George McGafey which struck him in the stomach and knocked him down.

Conductor West and Brakeman McGafey ran out on the platform of the car and fired several shots at the man and some others who, it is said, also threw stones at the train, but without effect.

Yesterday Ben. Hines was arrested and taken before Justice Drummond, who committed him for a hearing till to-day, when he was fined \$20 and costs.

ATTEMPTED ROBBERY.—A thief broke into the clothing store of Mr. Jos. Brager on lower King street, late on Saturday night, but was frightened off before he had stolen anything, by the clerk, who slept upstairs and who was aroused by the noise made by the thief.

As the thief was making his escape from a back window the clerk fired two shots at him, but he escaped unhurt, leaving his shoes behind him. This store has been entered by thieves twice within a year.

TO REVOKE HER LICENSE.—By direction of Judge Norton Commonwealth's Attorney Marbury to-day served a notice on Mrs. Mary C. Smith that at the October term of the Corporation Court he would enter a motion requiring her to show cause why her license for selling liquor should not be revoked.

THE OPERA HOUSE.—To-night the Parisian Folly and Spectacular Company will give one of their choice exhibitions at the Opera House. There is nothing to displease the most fastidious in the exhibition, and the new-papers of every city the company has visited speak in commendable terms of their performances. The company, it is claimed, is first-class, and not to be compared to the numerous inferior troupes now giving performances throughout the country. Though spectacular, the acting is chaste and nothing occurs to offend the modesty of any one.

Barlow Bros.' Minstrels. one of the best troupes traveling, will give one of their popular performances at the Opera House to-morrow night. This troupe is well known throughout the country, and is greeted by overflowing houses wherever they appear. The newspapers of the different cities the troupe has visited speak in glowing terms of their performance.

RAN INTO A WHARF.—As the steamer Penz, on her return from River View last night, was making her landing at Prince street wharf, she was, by accident, run into the end of the pier with considerable force. The end of the wharf was damaged to the extent of several hundred dollars, but the steamer was but little hurt. The accident caused much excitement among the passengers, but none were hurt.

FIRE.—Mr. J. H. Greene to-day entered suit for J. H. Bates against the Washington Hydraulic Press Brick Company for \$2,000 for personal injuries. Bates is claimed to be crippled by the running away of a wild mule belonging to the company.

"FIDDLEDY WINKS" and "Fiddle Winks Tenth," the new table games, are the latest craze. Tenth players are enabled to indulge in their favorite pastime in the parlor as well as upon the lawn. The game is learned in a few minutes and is an inexhaustible source of amusement to all. For sale by GEO. E. FRENCH'S SONS.

A Scrap of Paper Saved Her Life.

It was just an ordinary scrap of wrapping paper but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. MONEY AND COMMERCIAL.

New York, Sept. 23.—The stock market this morning was still narrow, the animation being confined almost exclusively to less than a dozen stocks and the volume of business very moderate. Disposition of the bears to push their advantage of Saturday resulted in an opening which showed losses throughout the list from Saturday's final figures of from 3/4 to 1/2 per cent. The pressure was abated in the latter part of the hour and a partial recovery of the early losses resulted, the market at 11 o'clock being dull and steady to firm but generally at small fractions below the opening figures.

Flour continues very firm and steady, with a fair movement, about equally distributed as to grade. The Wheat markets show but little fluctuation in prices; the demand for choice samples here, as elsewhere, is constant; both millers and dealers pay full figures for them, while other classes drag along and are taken reluctantly at intrinsic value; hence a range of from 65 for tall ends and weevil-eaten all the way up to 103 for prime lots. Corn is weak but without change at 55 to 57. Rye 50 to 65. Oats 41 to 43. Butter is in better supply and lower at 16 to 20. Eggs at 19 to 21. Apples \$1.75 to \$3 per bbl. All kinds of produce sell readily. Millfeed is declining.
